

PUBLIC MEETING

Park County is hosting a public meeting to present the general findings of the draft Preliminary Engineering Report prepared by CTA Architects and Engineers related to county bridge replacement needs.

At this meeting, the draft Environmental Assessment (EA) will also be presented. A pdf copy of this draft document will be made available on the dedicated Park County website and paper copies of the draft document will also be available at the County Commission Office and the Planning Office, from April 6th until April 20th. Public comments on the EA document are encouraged and will be accepted from April 6th, 2016 until the final commission meeting on April 21st, 2016 to accept the determination provided by the completed assessment.

The meeting will be facilitated by the Park County Commission, the Park County Public Works Director and staff from CTA Architects and Engineers.

The meeting will be held on:

APRIL 6TH, 2016

in the City/County Complex Community Room

from 5:30 p.m. to 7:00 p.m.
