

Annual Notice

Mosquito spraying in Park County Mosquito Control District will begin on _____, _____ and will continue until approximately _____, _____ or until all available tax funds are exhausted.

Spraying will be done Monday through Thursday evenings each week between 9:30pm and 1:30 am under the following conditions:

1. Ambient temperature is at or above 50 degrees F.
2. Wind speed is below 10 miles per hour.
3. It is not raining.

If any of these conditions are not met, spraying will not be done on that particular evening. Spraying will be done again on the next scheduled day.

For questions please call the Park County Mosquito Control District, 222-4158.
