Introduction

Granite Technology Solutions, Inc. is pleased to present this proposal for the low voltage network cabling for Park County.

Our Montana Contractor Registration Number is: 149646.

Granite Technology Solutions, Inc. has obtained BICSI certifications for two of our installers, one copper (Kyle Foust) and one fiber (Matt Kohl).

Scope of Work

- Granite agrees to install and test two (2) single CAT 6 cables for the fire department wireless access points.
- Granite agrees to install one (1) cable to the 2nd floor living quarters, and the other cable to the center of the fire truck bay.
- Granite agrees to install all voice/ data locations using Berk-Tek CAT 6 riser cable and Leviton jack inserts.
- Granite agrees to install all cables to the old dispatch/911 IDF on existing patch panel.
- Granite agrees to install two (2) Cisco ceiling grid mounted wireless access points, provided by customer.
- Granite agrees to patch in wireless access points with power injectors, provided by customer.
- Granite will provide you with test certification results for all CAT 6 network runs.

Assumptions

- All work will be performed during normal business hours Monday-Friday, between 8:00am and 5:00pm.
- Granite Technology Solutions staff will be given access required to perform the work in a timely fashion.
- Park County will be invoiced a travel fee for each day to complete this scope of work.
- Any removal of existing cabling will be billed on a "Time & Material" basis.
- Any additional work outside this scope will be billed on a "Time & Materials" basis.

| 4 | Patch Cord | 20' CAT 6 patch cord | |
| Total Hardware Price: | | | \$167 |
| Installation Services | | | |
| 1 | Labor | Complete Installation of Cable Plant | |
| | Travel | Travel Fee | |
| Total Labor Price: | | | \$655 |
| Total Cost | | | |
| Total Cabling Investment: | | | <u>\$822</u> |

- * This quote is for a complete Cat 6 low voltage cable plant for the voice & data networks.
- * All additional equipment and labor will be billed at "time and materials" and due upon completion of the work.
- * All voice & data cabling will be tested and certified per industry standards for transmission speed and reliability (an analysis report will be provided).

Terms & Conditions

- Granite Technology Solutions, Inc. will order all necessary materials to start the project thirty (30) days prior to our anticipated start date and send a parts and materials invoice with terms of Due on Receipt.
- Granite Technology Solutions, Inc. will deliver monthly progress invoices for other materials and labor with terms of Net 30.
- All invoices must be paid within 30 days and all over due invoices will be charged 18% annualized interest.
- All prices in this proposal are good for 90 days and include shipping and handling.
- All returned orders are subject to a 25% re-stocking fee.
- All changes and additions requested will be added to this proposal.
