

CHRISTMAS FAIR BOOTH SPACE RULES

You are responsible to read and follow these rules if you want to participate in the Park County Christmas Fair. The demographics are put together on a first come first serve basis.

1. Booth spaces are 8'x 8', 8'x 16', 8' x 24'. **No decorations or display material may extend beyond the booth space or interfere with other displays, unless agreed upon by the manager.** Please refrain from using anything that will damage walls or floor.
2. NO flammable or explosive material may be used inside the main exhibit building. The Fire Chief will make final decision on any questionable material.
3. Amplifying devices or other equipment must be kept to the lowest point to be audible and must not interfere with other booths and activities.
4. The building is equipped with heavy-duty lines to handle 110 volts. No other wiring will be allowed unless written approval from Manager is given. The fair will not be responsible for any damage to equipment due to overloading of service outlets.
5. Walk around soliciting is allowed with other Craft Exhibitors ONLY, provided no soliciting is conducted in or near exhibits of like or similar products or no pedestrian congestion is caused in the aisles. Violation of this rule may cause exhibit to be closed by the manager and forfeiture all fees paid.
6. **Make sure you check the items you will need or NOT NEED (table, electricity, etc.) on the contract. Your exhibit must be in place by 7:00 P.M. the night before the craft fair opens (Friday, December 1st), and must remain until 4:00 P.M., Saturday, December 2nd. ANY and ALL Exceptions to this rule must be agreed upon with the Fair Manager.**

However, if the booth is canceled less than 2 (two) weeks for whatever reason, including weather, before the crafts fair, all monies are forfeited.
